

# Food Safety GAP Workshop

The Georgia Food Safety GAP (Good Agricultural Practices) Program can help you meet the requirements of a third party audit, serve as a marketing tool, or help you get that chain store business. Attend this workshop to learn more about one of the most critical issues in fruit and vegetable production – food safety. This workshop will fulfill the training requirement in the GAP audit.

*All Activities at the Savannah International Trade & Convention Center (SITCC) unless otherwise noted.*

## FRIDAY, JANUARY 11, 2008

- |                         |  |                                     |
